

Copy and share. This tears out the seed of the lie of vaccination that everyone leans on. The polio vaccine proved to be more harmful than good. Disease is irradiated by a healthy immune system. Most disease went away because of plumbing, improved water cleanliness, refrigerators that allowed people to safely store food for long periods of time to avoid malnutrition. Yes, there is a genetic component. But what do you really KNOW about genes? Beliefs shape biology as shown by Quantum Physics research highlighted by Dr. Joe Dispenza and Dr. Bruce Lipton. The Holy Spirit gives us Christ Consciousness (mind of Christ and Heart of Christ: True LOVE) and we can use the technology of yoga to learn to pray, heal, and connect with the Most High. Hallelujah. Redemption is real. Love is real. The Gospel of Jesus Christ is to repent of sins (wrongs and unhealth of spirit, soul, mind and body; and turn ways towards what is holy and healthy), be forgiven of sins when you accept that Christ died for you, salvation (hallelujah!) and the kingdom of heaven. ABC's. Admit you need a savior. Believe Jesus (Jahoshua HaMashiach, the anointed messiah) is who he says he is. Confess that he is Lord of your life. He is One with the Father. No one comes to the creator, to source, to perfect holy love, except through him. Love and Grace be with you, in Jesus name. (His name is his life, his love, his spirit, and his teachings; everything that his name invokes). Shalom family.

Bill Gates paralyzed hundreds of thousands of kids with polio vaccine.
In Africa, nearly every case of polio is caused by the polio vaccine.

Girls who get the DTP vaccine in Africa were 10x as likely to die from the vaccine than those without.

Get your friend to watch "Trace Amounts" documentary and "Vaxxed" documentary. Ask them if they are pro-vaccine safety. If they are, say, then ask the best question ever to get them to open their mind to all truth.

Then, lead them to ways of natural health to boost the immune system. I am working on a book for my trademark "The Necessary Nine of Human Health." Mindset (consciousness), breath (respiration), hydration, nutrition, movement, posture, recovery, environment, relationship are the foundational fundamentals of life for all cells and therefore for people. www.tholt979.wixsite.com/iaminspired

I believe in Jesus Christ and his Holy Spirit. If you study Dr. Masaru Emoto and how we emit emotions that have frequency to change the molecular design of water, you will see what I mean. Jesus loves you. You have been chosen. I don't know why, I just believe it's because Jesus loves you.

Nikola Tesla: if you want to understand the secrets of the universe: Frequency, Vibration, and Energy.
There is a reason Jesus Christ (Jahoshua HaMashiach, the anointed messiah) said that he is a son of the Most High.

In fact, the truth is far direr than most of America can swallow.

Recently, a French virologist & Nobel prize winner claimed that the Coronavirus originated in a lab.

Unvaccinated children get sick less often, less intensity, less auto immune. In all fields of health, children with no vaccination are performing at a healthier rate. Good job organic parents. Thank you farmers, growers, and workers! (#FoodIsMedicine)

No, it is not the virus, it is the blank check issued to the vaccine and drug manufacturers, which not only provides unlimited funding, but also provides blanket immunity to Big Pharma for any harm attributed with the treatments produced during the declared emergency, including all drugs and vaccines.

This blanket immunity is provided by the US government under the PREP Act and provides the drug and vaccine manufacturers the 'Ultimate Blank Check' during a declared emergency. As Dr. Tenpenny points out, the vaccine and drug manufacturers have zero incentive to produce a safe product, as the declared emergency not only rolls back regulatory standards and removes them from any and all liability, but it also ensures the government will purchase their products.

This is an unprecedented level of immunity which raises many questions and safety concerns.

How to Debunk the Debunkers of Dr. Judy Mikovits, the Plandemic, and others questioning the mainstream media narrative:

1. Dr. Anthony Fauci has worked at the National Institute of Health (NIH) since 1968 and has been a Director with the organization since 1984, "both as a scientist and as the head of the NIAID at the NIH". A simple Wikipedia search resolved that one.

https://en.wikipedia.org/wiki/Anthony_Fauci

2. The NIH was one of the institutions funding the original study published in 10/23/2009, which Dr. Mikovits participated in and makes reference to in the Plandemic movie. Dr. Fauci worked at and continues to work at the NIH, one of the primary financial contributors to the study as one of its most senior directors, so you can indeed say that Dr. Judy Mikovits was in fact working for Dr. Fauci. I have downloaded the complete original study and saved for you to access here (highlights on page 3 denote Dr. Judy Mikovits's participation and her employing firm) (highlights on page 6 indicate the institutions which provided the funding for the study):

https://drive.google.com/open?id=1MUVoBB_tL_e-opUws_FQwOfWupbgIj-K

3. The study was challenged in 2010, when other researches could not replicate their findings and in September 2010, the original team, inclusive of Dr. Judy Mikovits issued an official response supporting their work.

<https://drive.google.com/open?id=1duM3FU-Tt60yGkSyqbskEFyrEa37W3nh>

4. After which the original study was partially and then subsequently fully retracted (a very rare move in science). The partial retraction document states that two of the co-authors, Robert Silverman and Das Gupta (whom the original study listed as working for the Department of Cancer Biology) re-analyzed the samples they used and discovered that they had been contaminated. Please refer back to the first link provided herein, for item #1 showing the original study, indicates on the document that it has since been retracted.

5. That she was arrested and a quote from the prosecuting district attorney, that said the charges were dropped because "there were issues with the witnesses".

<https://www.sciencemag.org/news/2012/06/criminal-charges-dropped-against-chronic-fatigue-syndrome-researcher-judy-mikovits>

6. In September 2012, Dr. Judy Mikovits and a team of other scientists conducted another study replicating the original one and published their findings, ultimately resolving the scientific communities dispute over the original work.

7. As previously shared in another post, Dr. Fauci does in fact hold a large number of patents related to HIV (as Dr. Judy Mikovits states in the video). He also holds numerous patents related to the Novel Coronavirus.
